Pune, Maharashtra 411033 | +91 8999758738 | ruturajvidhate5656@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Full Stack Developer with 1+ years building production fintech and business applications using Python/Django REST Framework and Node.js/React/TypeScript stacks. Experienced designing secure REST APIs with JWT authentication and role-based access control (RBAC) across MySQL, PostgreSQL, and MongoDB for multi-role platforms (Admin, HR, Employee). Comfortable owning a feature end-to-end from database design to deployed UI in fast-moving Agile teams. Currently shipping payroll and compliance features for a live fintech product.

TECHNICAL SKILLS

Backend: Python, Java, Django, Django REST Framework (DRF), Node.js, Express.js, RESTful API Design, JWT Authentication, RBAC

Frontend: React.js, JavaScript (ES6+), TypeScript, Tailwind CSS, Bootstrap 5

Databases: MySQL, PostgreSQL, MongoDB

Tools & Practices: Git, GitHub, Postman, Docker, AWS, Vercel, Render, NGINX, Agile/Scrum, CI/CD

EXPERIENCE

Software Developer

November 2025 – Present

Umbarkar Tech India Pvt. Ltd. Pune | Node.js, Express.js, REST API, React.js, TypeScript, MongoDB

- Engineered full-stack fintech features for Finance Bazar — loan workflows, payroll processing, compliance tracking, and incentive management across Admin, HR, and Employee roles.
- Designed and secured 15+ REST APIs with JWT authentication and granular RBAC across three distinct user roles, cutting query response time by ~30%.
- Built a Salary Slip generation module with automated PDF export and biometric face verification using face-api.js, reducing manual attendance verification time by ~10% and eliminating proxy attendance.
- Collaborated in Agile code reviews, improving API response structure, backend scalability, and CI/CD pipeline efficiency across production deployments and Docker.

Python Developer Intern

January 2025 – July 2025

A2Z IT Hub Pvt. Ltd. Ahilyanagar | Python, Django, DRF, MySQL, HTML5, Bootstrap

- Built a complete backend for a Shoes Billing Software — CRUD APIs, automated invoice generation with PDF export, and a custom admin dashboard used daily for the client's billing operations.
- Developed a responsive business website with a product catalogue, inquiry management, and SEO-optimised pages.
- Authored unit tests for 10+ API views using Django TestCase, increasing test coverage to 80% and reducing regression defects by ~25%.

PROJECTS

E-Commerce Platform

Python, Django, DRF, MySQL, React.js | [GitHub Link](#)

- Built a full-stack e-commerce app with product catalogue, cart, checkout, and separate Admin/Customer dashboards with RBAC across 15+ API endpoints.
- Optimised Django ORM using `select_related()` & `prefetch_related()`, reducing DB query count by ~40% on product search endpoints.

Smart Key Management System

Node.js, Express.js, MySQL, React.js | [GitHub Link](#)

- Developed full-stack key tracking system with real-time status monitoring, automated overdue detection, and JWT-based RBAC across 20+ API endpoints.
- Automated overdue tracking using Node.js Cron jobs, ensuring 100% compliance.

Car Rental System

Node.js, Express.js, MySQL, React.js | [GitHub Link](#)

- Built a full-stack car rental platform with vehicle listing, booking management, and secure user authentication with role-based Admin/Customer access.
- Designed Admin dashboard for fleet management, booking approvals, and real-time availability tracking.

EDUCATION

Master of Computer Applications (Expected 2026)

2024 – 2026

Siddhant Institute of Computer Application, Pune — Savitribai Phule Pune University — CGPA: 8.25

Bachelor of Computer Science

2021 – 2024

New Arts, Commerce and Science College, Ahilyanagar — Savitribai Phule Pune University — CGPA: 8.63

CERTIFICATIONS

- Full Stack Development Certification — A2Z IT Hub Pvt. Ltd., Ahilyanagar (2024)
- Docker Foundations Professional Certificate — LinkedIn Learning (2026)
- Career Essentials in GitHub Professional Certificate — LinkedIn Learning (2026)
